

What are they?

List the **Principals of Design** and define each one using 7 words or less...

1. _____: _____

2. _____: _____

3. _____: _____

4. _____: _____

5. _____: _____

6. _____: _____

7. _____: _____

Basic Composition

This is the foundation to creating basic unity in a work of art. Define these terms in your own words...

- Composition: _____

- Focal Point: _____

- Picture Plane: _____

- Magic Dimond: _____

- Rule of Thirds: _____

- Strong Composition: _____

- Weak Composition:: _____

Avoid the Never's

What are they? _ _____

1. _____

2. _____

3. _____

4. _____

Avoid the Never's and apply the basic composition information while completing the designs for the rest of the book...

Fundamentals

Principals of Design

Name: _____

Date _____ Period _____

The P.o.D. Experiment

For the open space in the book....

1. Use the same **simple shape for a Focal Point** (organic or geometric). Draw an example of it here...

2. **Incorporate Variety**: pic 2-5 other shapes you would like to include with each design as well. Keep them simple, repeatable, and draw them here...

3. **Create a strong composition** using the same shapes but change up how they are organized to feature each Principle of Design.

4. **Add your own creative details too!**

Unity

Some **tricks** to creating **Unity** in a design are: _____

Contrast

Some **tricks** to creating **Contrast** in a design are: _____

Emphasis

Some **tricks** to creating **Emphasis** in a design are: _____

Balance

There are **4** types of **Balance**. Create a design and show what they are and label them...

Proportion

There are **3** ways **Proportion** can be used in design. Create a design to show what they are and label them.

Rhythm

Create a design that incorporates the **4** types of **Rhythm**.

Movement

Create a design that incorporates the **4** types of **Movement**.
