

TEXTURE

Project Choice Board

Instructions: pick one of the options presented below and complete by the due date given in class. Remember it's all about *your* level of skill, creativity, craftsmanship and effort that are the Keys to Success. Check class website for other requirements.

1.

Design a word that looks like the texture it describes

2.

Sculpt a 3-D letter focusing on texture

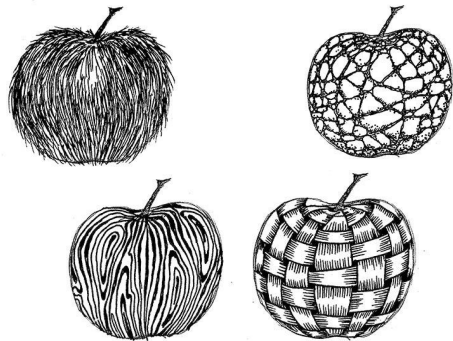

3.

Create a 3-D Texture board design using cardboard or paper. Bonus points for being mindful of composition!

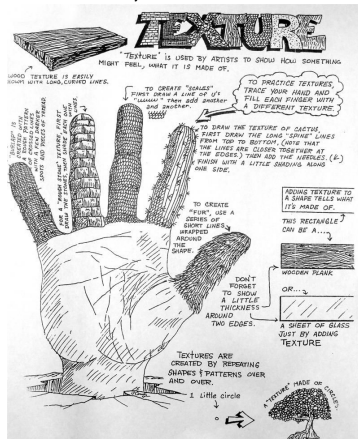

4.

Complete a few observational drawings of an object and add a different texture to it's surface

5.

Free topic just create something that features texture!

6.

Photo Spread:
Arrange a series of objects and experiment with different ways of lighting and arranging them to show off the different textures.

7.

Find an object that has awesome texture and do a super zoomed in observational drawing of it. Be mindful of how you are cropping it

8.

Set up a still life that focuses on contrasting textures then complete an observational drawing or painting of it.

9.

Try sculpting something realistic out of aluminum foil.
